Dolphin dx Series

The Dolphin Difference

dx Line

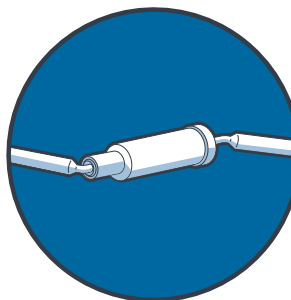

Full pool scanning

Performance Driven Technology

The Dolphin Supreme family of robotic cleaners were designed with the pool owner in mind – powerful performance coupled with Dolphin exclusive features that you won't find in any other cleaner! Real solutions for real pool challenges.

Full Pool Scanning

To ensure thorough cleaning, your Dolphin cleaner is equipped with built in software that systematically cleans your entire pool regardless of your pool's surface!

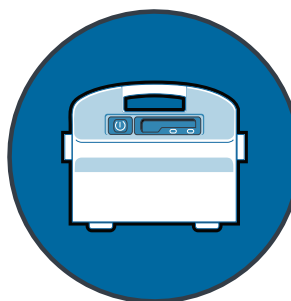

Swivel cables

Swivel cables

Dolphin's patented swivel cables eliminate tangled cables forever! As your Dolphin moves around the pool, its swivel ensures that the cable stays free and clear and easy to handle.

Weekly timer

Preset cleaning cycles throughout the week with the push of a button! Your Dolphin can automatically clean every 24 hours, 48 hours, or 72 hours for 3 consecutive cycles!

Weekly timer & full filter indicator

Full filter indicator

Your Dolphin will let you know when it's not operating at peak performance due to a clogged filter. When the full filter indicator light comes on, you know it's time to empty the filter!

Dolphin dx3

Lightweight and easy to use! Cleans floor and cove, and walls in pools up to 50' in length

- Dual level filter bags for all types of debris and algae removal
- Cleans all pool surfaces and automatically shuts off
- Full 18 month bumper-to-bumper warranty

Dolphin dx4

Incredible must-have feature set paired with best-in-class robotic technology

- Superior robotic scanning and pool coverage
- Remote control for touch-guided navigation and cycle options
- 2 year bumper-to-bumper warranty

Dolphin dx6

A top-of-the-line robotic cleaner with unmatched cleaning performance and features

- All dx4 features plus:
 - Dual drive motors and split brush technology for pinpoint turning and pool coverage
 - Six way remote control functions to override automatic cleaning offering quick or thorough cleaning options, spot cleaning and much more
 - Built-in obstacle avoidance that helps prevent hang ups in corners, main drains, steps and ladders for uninterrupted performance

Features vary by model. See back panel for details.
